

# Unique opportunity to Trade-up to the DTX-1800 CableAnalyzer™

Trade-in your old Cable Tester NOW and get a gift voucher for up to £ 1.350 or € 2.000

## Remember to go for GOLD and get:

- No charge repair and loaner kit during repair of your unit
- No charge scheduled annual calibration
- No charge replacement of "consumable" accessories (battery, one set of PMs and one set of permanent link adapters LIAs per year only if faulty or defective)
- No charge software or firmware upgrades
- Unlimited 24x7 multilingual technical support
- Unlimited access to Knowledge Base
- Members only discounts on selected products and the CCTT (Certified Cabling Technician Training)

Vouchers have a validity of 12 months and can be redeemed against any Fluke Networks instrument, software or accessory up to the voucher value. Multiple vouchers may be used simultaneously.

## Trading up to our advanced Class F 900 MHz DTX-1800 Cable Analyzer is the smartest move you can make right now.

That's because it's a revolutionary platform that significantly reduces total time to certify by improving every aspect of the copper testing and certification process. When equipped with Fiber Modules, the DTX-1800 also enables you to do fully compliant "Basic" (Tier 1) Fiber Certification. With the new DTX Compact OTDR module, the DTX-1800 is transformed into a compact, easy-to-use, full-featured OTDR allowing you to do "Extended" (Tier 2) fiber certification according to ISO/IEC 14763-3.

Imagine what that means for your business. A single tool to test copper and fiber and all with the same familiar user interface. Furthermore all results are professionally documented in the free and widely recognized LinkWare Cable Test Management Software.

## Suggestion: Use the gift voucher to obtain DTX options and accessories.

Fluke Networks offers a wide range of DTX Options and Accessories that makes the DTX CableAnalyzer™ even more productive and results into an even better return on your investment.

**Purchase a DTX-1800 CableAnalyzer™ and trade in an old Cat 5/5e or Cat 6 tester before July 31<sup>st</sup>, 2008 and choose from eight special offers.**
